

Propel Performance

Turning Point's Hustler Propellers | Starting at \$84.50

Pump up your boat's performance with aluminum propellers. Designed to enhance speed and fuel efficiency, Hustler Mid-Range Propellers are made for smaller boats using 40 to 75 hp engines with 3½-inch gearcases. Its blades accelerate and channel water and minimize slip. A high-flow, through-barrel exhaust system reduces back pressure and increases horsepower. They're compatible with most outboards. ☞ Turning Point Propellers; (847) 437-6800; tpprops.com

Hy-Tech Power

AGT 5000 DC Marine Generator | \$14,795

Forget big, noisy generators; this Panda is smaller and quieter, requires less fuss and is fuel efficient. The 5 kw, 12v AGT 5000 from Fischer Panda is the latest hybrid power generator for cruisers and sailboats. The freshwater-cooled Kubota engine produces 272 amps continuously. The AGT 5000 automatically monitors the batteries and charges them as needed. Once the batteries are charged, the generator shuts down. Special inverters then distribute power from the batteries without starting the generator, providing enough energy for tasks such as cooking, air conditioning or laundry — or other 120 or 120/240 AC current applications. ☞ Fischer Panda; (954) 462-2800; fischerpanda.com/marinegen

Bathing Is a Cinch

Soap Cinch | \$14.95 for three

Got a small shower? Stop fiddling with soap, sponges, washcloths and body scrubbers. Soap Cinch, an all-in-one tool, lathers, scrubs and exfoliates. The soft, hypoallergenic hemp pouch cinches closed with a short rope to hold your soap inside. This lets you lather up right down to the last, slippery little piece. Grab the short, stretchy elastic strap on the bottom and lever with the cinch rope to scrub your back. Hang the Soap Cinch in the shower to dry, or toss it in the washing machine to clean. ☞ Soap Cinch; (877) 333-2462; soapcinch.com

Bucket of Suds

Brite Wash | \$11.98 & \$24.98

Suds up at the end of your fishing day to keep your boat shinier and in better shape. Brite Wash Professional Grade Multi-Purpose Boat Soap is a concentrated boat cleaner that breaks down dirt, grease, salt and other gunk, but treats the boat's finish, polish and wax gently. It works on fiberglass, clear coat, metal, rubber and painted surfaces, and discourages water spots. Salt water and fresh water can ravage finishes and rust metal, but Brite Wash is an environmentally smart everyday boat cleaner. ☞ Shurhold; (800) 962-6241; shurhold.com
